

2 Day Life-Mastery RETREAT

Are you unclear about what is holding you back in your life?

Are you unable to achieve what you want and need in love, money or career?

If you are ready to feel your power, stop re creation patterns, improve your finances, attract a relationship, and connect to life purpose, we will help you lay the groundwork to make all of this possible .

Prepare yourself for the most amazing life experiences you have EVER had!

In Life Mastery some of the things you will learn/receive are:

- * the art of receiving
- * how to attain the prosperity you desire
- * how to connect with soul mate relationships
- * how to connect to life purpose and why you should
- * how to release programming and beliefs that do not serve you...
- * how to reprogram your mind for empowerment and self-mastery

Author, Radio Host, Spiritual Teacher Phyllis King will be presenting this group and I will be contributing my skills as a Reiki Master, Psychic, and Spiritual Teacher.

No matter where you are, if you are ready to experience a profound change in awareness, perspective and your life results, you have found a mechanism that will help you do just that.

September 2013
